

## Global Access - Anytime, anywhere

Have access to ISOtrain's Portal, anywhere and anytime, through tablets, smartphones and other mobile devices. ISOtrain Mobile takes Training and Performance to a new level of communication, interaction and decision-making potential

**Access your Personal To Do's** Easily access daily tasks with same login credentials as for ISOtrain's Portal. Use your personalized Dashboard to view your To Do List and past, present and future requirements, access self-train courses, register for instructor-led sessions, view your present qualifications, read company news and events, and more!

**Manage your Supervised Employees** Supervisors and Training Coordinators can remotely perform administrative tasks such as approving session enrollments, course completions, training plans, job changes, and content revision reviews. They can easily communicate with any supervised employee, view their present qualification status at any time, and assist them with managerial needs such as resetting passwords and unlocking accounts.

**Browse Available Courses** View the Course Catalog. Choose from available training needed to meet your job qualification requirements. Whether online readings or training sessions, make an informed choice by reviewing course details before you choose. You can easily enroll in Waiting Lists when no sessions are available, or automatically qualify yourself by successfully completing readings.

**Manage your Instructor Record** Instructors can keep abreast of their personal training schedule, manage their training commitments and course enrollment. They also know at any time their present instructor qualifications and keep up-to-date so that they, too, are qualified to teach.

**Manage your Schedule** Plan ahead and never miss a training commitment. Know at any time which requirements are due and which courses you are scheduled to attend that day, week or month. Be proactively aware with automatic e-mail notifications and reminders, and easily reschedule or cancel attendance when needed.

**Remote User Support** Administrators can remotely perform managerial functions such as resetting passwords and unlocking accounts. Expedited mobile support increases administrator's effectiveness which, in turn, results in employees that are timely qualified.

**View your Qualifications** Be up-to-date with your job requirements and have confirmation of your qualification status through graphical representations of your Personal Qualification Information, including Percentages and Individual Training Plan (ITP).

**FDA Compliant** Under ISOtrain's umbrella, be in compliance with procedural and industrial regulations -FDA, cGMP, CFR 21 part 11 and other regulatory requirements- through robust security management, Login, Electronic Signatures and Audit Trails. All activity is automatically tracked, documented, and readily available for auditing purposes.
